To Whom it may concern:

I have had the pleasure of working with David Dumont in the capacity of musician, band leader and music advisor for the past 11 years. David has always provided us with the best entertainment for our member's weddings and special events. His L'il Big Band was featured for many years at our annual Christmas parties and New Years Celebrations, especially the Millennium 2000 and most recently for our re-grand opening and also for the KPGM annual investor party. He also is very accomplished pianist and always received many compliments in his many years of performing for us in the dining room.

On many occasions he has also helped us find string quartets, guitarists and other fine musicians as the need would arise.

If your are looking for someone to fill your musical needs with a lot of experience and professional demeanor for either solo piano, duo, or dance band I would highly recommend your considering David Dumont. Please feel free to call upon me to answer any questions regarding his abilities.

Sincerely,

Richelle De Lay
Director of Catering
Events Coordinator
