Dear David,

On behalf of our Board of Directors, staff, and more importantly, the thousands of families we serve every year, thank you for your wonderful gift of music at the VMC Foundation fundraising Gala to benefit the new Cancer Center. We have received more compliments than I can count of your Lil' Big Band. Your band's music was definitely the big reason everyone had so much fun and enjoyed the evening beyond all our expectations. Our guests are still talking about it!

David, the staff and Gala Committee appreciate your flexibility, the variety of music played, and your ability to work with everyone. It makes such a difference when our music man is easy to work with and everyone is happy. We'll have to do it again soon!

Once again, we are very grateful for your good work and the care that it exemplifies. We depended on you to provide excellent music, which set the tone for the evening and insured that everyone had a good time and had the kind of music they like to listen to and dance to. We thank you not only for your top of the line musicians but also for your excellent sound consultant who made it possible to deal with the lack of acoustics in the San Jose City Hall rotunda. That was a challenge! And one you met admirably.

Kindest Regards,

E. Christopher Wilder
Executive Director
